About B.Tech. Programme

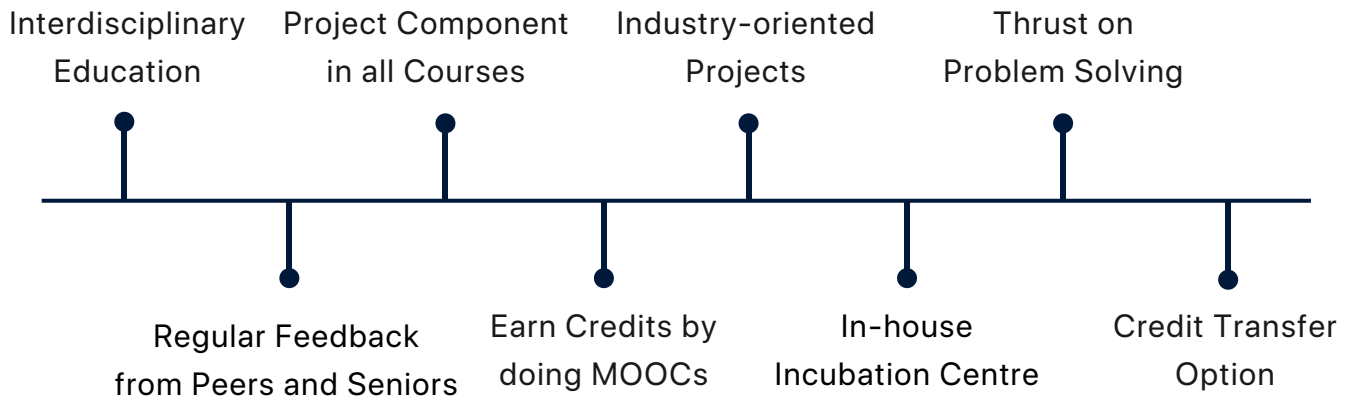

The current technological era is rich with opportunities for systems integration of technologies from various disciplines to serve the larger goals of society. Hence, IIIT-Delhi aspires to provide interdisciplinary teaching, research, and learning environments. Our flexible curriculum allows students to enroll in elective courses in the third and fourth years from different disciplines like Computer Science, Design, Electronics and Communications, Entrepreneurship, Biosciences, and Artificial Intelligence. The curriculum of all eight programmes also includes Social Sciences courses. We believe that our engineering programmes provide the necessary depth and broad systems-centric educational experience for long-term success in the emerging cutting-edge industries in IT and engineering.

The first semester's curriculum is common to all the eight programmes, allowing eligible students to move from one programme to another. The first two years' curriculum comprises mainly core courses for the disciplines. Unlike a conventional engineering institute where students study science courses such as physics & chemistry, IIIT-Delhi students study programming, hardware, mathematics, communication skills, etc., in the first year. However, we allow students to explore science courses through electives. Students hence can freely study these courses according to their interests and aspirations.

For more information on the programmes and courses within the programmes, please visit the website:

Breakup is as per the seat matrix table added above (For the 1 seat each in CSD and CSSS, which are to be filled through the IIITD process, the rank of the qualifying exam will be used for allocating the seat).

g) Kashmiri Migrants (KM) (Supernumerary):

01 (One) seat over and above the total intake in each B.Tech. Programme is for Kashmiri Migrants to be filled through the JAC admission process.

Priority	Kashmiri Migrant
Priority-I	Those who have passed the requisite qualifying examination from a school/college/institute located within the N.C.T. of Delhi and whose parents are registered in Delhi up to 11/06/2001 as Kashmiri Migrant, and who are residing in the N.C.T. of Delhi
Priority-II	Other Kashmiri Migrants

NOTE:

- In the case of categories (a) and (b) of SC and ST, the vacant seats are interchangeable.
- If sufficient numbers of eligible candidates from category mentioned in (c) and (d) are NOT available, the vacancies will be treated as unreserved.
- Seats under category (f) are interchangeable within the category if sufficient candidates are not available in a particular sub-category.
- In case a sufficient number of eligible candidates from the categories mentioned in (e) and (f) above are not available, the vacancies will be treated as unreserved in the respective category.

- Under the CW sub-category, the seats will be filled based on the priority, i.e. all eligible candidates of Priority-I will be allotted seats based on their ranks until the ranks exhaust under the CW sub-category. The remaining vacant seats, if any, will be allotted to Priority-II in a similar fashion, and so on.
- The reservation under the CW sub-category is available only to such candidates who fall under the listed priorities.
- It is the sole responsibility of the candidate to prove his/her eligibility for claiming reservation under any of the reserved categories/sub-categories. The candidates claiming reservation under SC/ST/OBC/EWS/KM categories, CW/PD sub-categories will be required to produce the original certificate of the respective reserved category/sub-category issued by the competent authority (as mentioned in this information brochure) at the time of document verification. If the reserved category/sub-category certificate is not found to be in order, no benefit of the reserved category/sub-category will be given, and the provisionally allotted seat to that candidate will stand automatically cancelled. Such candidates may be considered under the General category/sub-category in the respective state quota for subsequent rounds of counselling on submission of a request in this regard.

After converting the seats as per the criteria mentioned above, in case sufficient numbers of eligible candidates are not available for admission to B.Tech. (CSD) and B.Tech (CSSS) using UCEED Rank and Class XII score through IIITD admission process, respectively, the vacancies may be opened for admission through JAC in the respective categories.
