

Research Assistant for Building a Chatbot

Description: The selected candidate will work on the development of a chatbot (mobile app) that can answer the questions of visitors to museums and art galleries. The candidate will be working closely with the members of KRaCR lab, IIIT-Delhi (<https://kracr.iitd.edu.in/>) and HopOn India (<https://www.hoponindia.com/>). This will be a full-time position. For any queries, please send an email to raghava.mutharaju@iiitd.ac.in.

Application Form:

https://docs.google.com/forms/d/e/1FAIpQLSc0cK5VAzoYIHbyqB9g5i2lCf_yyY8UNNGZgxqliq2OChJxyQ/viewform?usp=sf_link

Duration: 3 months (extendable to another 3-5 months based on the performance).

Location: Working remotely is ok, but working from the IIIT-Delhi campus is preferable.

Salary: INR 32,000 per month.

Required qualifications/skills

- A bachelor's/master's degree in relevant discipline.
- Strong programming (Python/Java) and analytical skills.
- Experience in building AI systems.

Desirable qualifications/skills

- Experience in building chatbots
- Experience in Knowledge Graphs
- Experience in developing/using text-to-speech and speech-to-text libraries
- Relevant research or work experience.
- Publications at good venues.

Deadline: October 6, 2021
