Job purpose

Works as a co-instructor for undergraduate courses (normally 2 per semester), which involves taking tutorials and labs, helping students, managing teaching assistants (TA) of the courses, preparing/conducting/grading exams and tests etc., as well as course administration. The Fellow may also be the primary instructor for short duration as desired by the course instructor or for the summer modules.

Duties and responsibilities

- To teach tutorials, manage tutorials and other tutors/teaching assistants
- To manage course related labs and inventory required during the semester and performing the experiments
- To conduct extra classes on the topics where students are facing difficulties
- To conduct regular lectures, when the instructor is on leave
- Maintaining office hours to clarify course related doubts
- To assist professor in making learning materials, assignments, answer keys and rubric for grading
- To assist professor in preparing exam question papers / lab exam practical questions and conducting quizzes, mid-semester exam and final exams
- To assist professor in final semester grading, paper checking
- To mentor and guide students in class-course projects. Assigning the rubric and grading the progress throughout the semester
- To conduct refresher modules for M.Tech/BTech students in summer
- To provide extra technical support to weak students.
- Providing support to lab engineers for smooth conduct of course labs.

Qualifications

An applicant must have

1. M.Tech degree from a reputed Institute/University in ECE/ Electronics/ CSE.
2. Should have good programming skills (C, Python, Matlab etc.) and a good academic record throughout.
3. Preference will be given to candidates with TA experience.

It is best suited for those who are looking for teaching careers.

Desirable Skills:

1. PhD in relevant discipline.

2. Basic knowledge of EDA tools like Virtuoso, Vivado etc, and experience in hardware, Embedded systems etc. will be an advantage.

Compensation & Terms

The term of appointment will be for one year, which can be renewed after the first year based on performance. No extension will be given after two years.

The compensation in the first year will be Rs 45,000/- per month with free hostel accommodation or Rs. 50,000 per month without hostel accommodation. In the second year, Rs. 50,000/- per month with free hostel accommodation or Rs. 55,000/- per month without hostel accommodation.

The Institute gives top priority to the ongoing academic activities and does not promote leaving the offered position during an ongoing semester. To ensure this, a monthly deposit of Rs. 22,500/- from the salary of the first two months will be kept with the institute. This deposit will be paid on completion of the offered tenure.
