

ROLE : Senior Product Manager - Product Strategy Unit

Center of Excellence in Human-centered Computing at IIIT Delhi is inviting applications for **“Senior Product Manager - Product Strategy Unit.”** The Product Strategy Unit for Inclusive Public Technology is an initiative aimed at bringing together industry and academic experts to drive the creation of inclusive digital solutions, public goods, and systems that improve the delivery of public services.

Key Responsibilities:

- Act as a trusted advisor to government leaders on digital public service delivery.
- Guide the design and implementation of inclusive, citizen-centric technology products.
- Institutionalize best practices in product management, agile methodologies, and user-centered design.
- Lead and manage multi-disciplinary teams across product, design, and development.
- Plan and prioritize program activities in alignment with broader transformation goals.
- Manage stakeholder communication through documentation, presentations, and regular updates.
- Conduct analysis and prepare reports, whitepapers, and dashboards for key stakeholders.

Required Qualifications:

- Bachelor’s degree in Business, IT, or related field; advanced certifications (e.g., PMP, CSPO) preferred.
- 15–20 years of experience in IT business analysis/product consulting; minimum 2+ years in a product management role.
- Experience working with or consulting for government or development sector clients.
- Proven ability to manage cross-functional teams and deliver complex projects.

Key Skills:

- Product strategy, roadmap development, and user journey mapping.
- Agile project management and user story writing.
- UX design understanding; ability to create wireframes/mockups.
- Strong data analysis, problem-solving, and documentation skills.
- Excellent communication, stakeholder management, and presentation abilities.
- Capacity to manage multiple assignments with high-quality output.
- Passion for social impact and building inclusive digital services.

Salary and Duration : The salary will be in the range of 50-70 Lakhs per year based on the candidate's qualifications and experience. The duration of the job will be equal to the duration of the project and co-terminus with the project. The position is contractual and project-based. Currently the project duration is till July 31st July 2026.

Location: Candidates based out of Delhi-NCR would be preferred. The candidate chosen for this role will be based in Delhi-NCR

How to apply

Please send your C.V. to chcc@iiitd.ac.in. Please also send a cover letter indicating how fit you are for the job and if offered, how soon you will be able to join. Hiring will be on a rolling basis. However, applications will be processed and received and people will be asked to join as soon as possible.
